

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

## ERRATA, VOLUME 13

Page 111. Lines 11-14 should be changed to read: "The estimated ratios were as follows: (a) western highland (interior) — .61; (b) central lowland (interior) — .47, coast — .48; (c) eastern highland (interior) — .42."

Page 208. Fig. 3 is upside-down.

Page 215. Third line. "*Vaccinium stamineum*" should be changed to "*Gaylussacia frondosa*."

Page 250, 18th line, insert period after Poir.

Page 250, 17th line from bottom, for Buchhesiter, read Buchheister.

Page 250, 15th line from bottom, for *Heliposis*, read *Heliopsis*.

Page 251, 3d line from bottom, omit period after Presl.

Page 253, 8th line, for *rigidius*, read *rigidior*.\*

Page 253, 13th line, for (L. Raf.), read (L.) Raf.

Page 253, 15th line from bottom, for Lam., read L.

Page 258, 3d line, for *acheanis*, read *achaenis*.

\* Britton's Manual (both editions) has *rigida* in the key and *rigidus* in the text; Britton & Brown, Ill. Fl. (2d ed.) has it *rigidius*, but they are all wrong! Linnaeus's original was *Sium rigidius*, *rigidius* being neuter comparative, of which the feminine comparative is *rigidior*. Gray's New Manual has it right.
